

Alg-LI-1

Test	Number of solutions	Time for one solution(s)	Time for all solutions(s)
Test00	1	0,001	0,000
Test01	2	0,000	0,022
Test02	1466	0,456	106,475

After changing the original algorithm and make it boolean so it does not throw an exception it works. But after making the modifications for the exam the boolean solution did not work so i needed to throw the solution exception again to be able to make it work.
